

# CI RE Application - Round 5 (April, 2021)

---

## Resident Entrepreneurs Application

The Resident Entrepreneur Programme is part of the Creative Informatics, which aims to bring the city's world-class creative industries and tech sector together, utilising innovative data-driven technologies to develop ground-breaking new products, businesses and experiences.

Creative Informatics is funded by the Arts and Humanities Research Council (AHRC), Industrial Strategy Creative Clusters programme, the Scottish Funding Council and the City Region Deal Data Driven Innovation Programme. Creative Informatics is delivered by the University of Edinburgh working in partnership with Edinburgh Napier University, CodeBase and Creative Edinburgh.

This application form is for "**Resident Entrepreneurs**", individuals or small businesses who would like to apply for funding and support. Due to ongoing social distancing regulations we are not usually matching Resident Entrepreneurs to Host Organisations at present. However, in this call we are pleased to be including one special residency with Marchmont House - please indicate on the form if you would like to be considered for this. If you are interested in becoming a Host Organisation in the future or have any related questions, please get in touch with the programme team via the [Creative Informatics website](#).

Please complete all the questions in the application form, you can save the form and return at anytime, but please ensure you note and save the URL that will be generated to do this. The application form consists of specific project questions followed by background questions relating to your business profile and activities which start on page 5.

The closing date is **Wednesday 19th May, 2021 at 5pm**.

Guidance notes are provided within the application form. Further [guidelines](#), the selection criteria, and a PDF version of the application form are also available on the [Creative Informatics website](#), if you would like to download and review the questions before completing the form.

Please follow the accompanying information and guidance. If you have any questions about this form, the application process, or anything to do with the Resident Entrepreneurs Programme we will be very happy to help. Email: [creativeinformatics@ed.ac.uk](mailto:creativeinformatics@ed.ac.uk).

Do you have any accessibility requirements:

## Marchmont House Residency

Marchmont House is offering a residency for one Resident Entrepreneur, which includes 4 weeks use of a working/studio space in the Squash Court, part of The Studios at Marchmont. Accommodation is also available at Marchmont House subject to availability and the needs of the Resident Entrepreneur.

The selected Resident Entrepreneur for this residency will have access to expert advice and mentorship from the Marchmont House team. And, whilst at Marchmont, they will have access to the Communal Spaces for the duration of their stay and will be able to meet the rest of the creative community, which includes artists and expert craftspeople.

You will now be asked several additional questions on this page which are specific to the Marchmont House residency and a small number of additional criteria associated with this opportunity.

*Please note: your application to become a Resident Entrepreneur will be considered on its own merits, with the additional questions used to assess your fit for the Marchmont House residency. If you are successfully selected as a Resident Entrepreneur but are not successfully selected for the Marchmont House residency, you will still have access to all the usual RE funding, support and mentorship associated with the programme.*

---

To be considered for the Marchmont House Residency your project must have specific impact in the Borders. This impact could come directly from your business being based in the area, or may come through working with businesses or communities in the Borders. Please explain how your planned project will have specific impact in the Borders (max 250 words). \* *Required*

[+ More info](#)

Your answer should be no more than 1250 characters long.

Whilst all projects will be considered, for this residency we are particularly interested in RE projects which have relevance in rural contexts. Please indicate which (if any) of these apply to your project: \* *Required*

- Benefit the rural economy
- Environmental focus and/or benefit
- Business sustainability (particularly in rural contexts)
- Other benefit specific to the Borders/rural context (please specify)
- None of the above apply to my project.

Please tell us a bit more about your answer.

Please be aware that Marchmont House is in a rural location near Greenlaw in the Scottish Borders. It is not readily accessible by public transport so we would recommend applicants consider appropriate transport options before applying and/or factoring associated costs in project plans. If you have any concerns about being able to access this location, please note them here. \* *Required*

Your answer should be no more than 1000 characters long.

Would you like to make use of (sleeping/living) accommodation at Marchmont House during your residency? \* *Required*

## State Aid Declaration - Please read this section carefully

In order to minimise distortion of competition the European Commission sets limits on how much assistance can be given without its prior approval to organisations operating in a competitive market.

This Annex sets out what is needed to ensure compliance with those limits. You should note carefully the requirements and the obligations. Under EC Regulation 1407/2013 (the “**De Minimis Aid Regulation**”) as published in the Official Journal of the European Union 24 December 2013, certain of the support provided in relation to the Challenge Project is a de minimis aid.

There is a ceiling of £350,000 for all de minimis aid provided to any one organisation over a three fiscal year period (i.e. your current fiscal year and previous two fiscal years). Any de minimis aid provided to you under the Challenge Project will be relevant if you wish to apply, or have applied, for any other de minimis aid. The value of the aid under the Challenge Project is (or estimated to be by calculating the gross grant equivalent) £20,000.

You will need to declare this amount to any other aid awarding body who requests information from you on how much de minimis aid you have received. For the purposes of the De Minimis Aid Regulation, you must retain this document for 10 years from the date on which the aid is granted and produce it on any request by the UK public authorities or the European Commission. You may need to keep this document longer than 10 years.

Please advise the University of Edinburgh now of any other de minimis aid which your enterprise and any enterprises linked to it may have received during your current and previous two fiscal years, to allow the University to check that its support, added to that previously received by you, will not exceed the threshold of £350,000 over the last 3 fiscal years. De Minimis aid includes not only grants but also assistance such as free or subsidised consultancy services, marketing advice, etc. If you are in any doubt about whether previous assistance received is classified as de minimis aid, please include it.

Please be aware that the legislation regarding (EU) State Aid changed on 1st January 2021. The new legislation is part of the UK-EU TCA (Trade and Cooperation Agreement) and refers to funding as “subsidies” (rather than “State Aid”), with a maximum amount of “Special Drawing Rights” (similar to the previous “de minimis”) which has increased to £350,000 for any 3 fiscal years. As a company receiving support from Creative Informatics you will need to include any funding awarded by us in your calculations/record keeping around Special Drawing Rights (as you previously needed to for State Aid and compliance with the de minimis).

**Statement of de minimis aid received.** We confirm that we have received the following de minimis aid during the previous 3 fiscal years (i.e. current fiscal year and the previous two fiscal years):

	Body providing the assistance/aid	Value of assistance (calculating the gross grant equivalent)	Date of assistance
1			
2			
3			
4			

**Declaration.** Please sign the statement confirming your eligibility for support. If you are not authorised to do so, please ensure this is signed by the appropriate business representative:

Signature: \* Required

We acknowledge that if we fail to meet the eligibility requirements set out in this application, we may become liable to pay the full price that would otherwise be payable in respect of the services / benefits received.

# Equality and Diversity Information

## What data are we collecting?

The Equalities Monitoring Information will be used by Creative Informatics, a collaboration across the University of Edinburgh, Edinburgh Napier University, Codebase and Creative Edinburgh. Your data will be held and used by the Creative Informatics delivery team based at the University of Edinburgh with some data shared with our funders the Arts and Humanities Research Council, evaluation partners, and the Policy and Evidence Centre based at Nesta.

## How will the data be used?

As part of the Creative Informatics programme we are monitoring the diversity of the applications we receive to ensure we are reaching and serving appropriate diverse audiences. This information also enables us to provide anonymised demographic reporting to funders, partners and stakeholders to ensure the programme is open and accountable in our commitment to diversity and equality.

The information we collect will not relate to our assessment of your application for the programme, but is captured separately and for monitoring only. We include questions on age, gender, ethnicity, disability, and sexual orientation - all defined 'protected characteristics' in [The Equality Act 2010](#). As this information is sensitive and personal these questions are optional, but (where provided) this data does contribute to our ongoing review and improvement of our programme. We will always ensure that equality and diversity monitoring data is reported anonymously and with respect for your privacy.

## Consent

In providing your completed response to these equality and diversity questions, you are giving explicit consent for us to use this data in our programme monitoring and reporting processes. The data is managed confidentially and will not have any bearing on your application to the Programme. Your data will only be reported in anonymous aggregated forms and will always be processed in accordance with the Data Protection Act 2018 and therefore also in accordance with the General Data Protection Regulation (GDPR).

If you prefer not to provide this information, please indicate this in the 'Prefer not to answer' box for the appropriate question(s).

Applicants can withdraw or modify their consent to collection and processing of personal information at any time by writing to [creativeinformatics@ed.ac.uk](mailto:creativeinformatics@ed.ac.uk).
