SUBSIDY DECLARATION

In order to minimise distortion of competition the European Union and the United Kingdom have agreed certain limits on how much assistance can be given to organisations operating in a competitive market. This Annex sets out what is needed to ensure compliance with those limits. You should note carefully the requirements and the obligations.

Under Article 364 of the UK/EU and EAEC: Trade and Cooperation Agreement [TS No.8/2021] (the “TCA”) as published in the Official Journal of the European Union 30 April 2021[1], certain of the support provided in relation to the Creative Informatics Program – Connected Innovators are exempt from controls on subsidies.

There is a ceiling of £325,000 “Special Drawing Rights” [2] for subsidies provided to any one organisation over a three fiscal year period (i.e. your current fiscal year and previous two fiscal years). Any subsidy provided to you under the Creative Informatics Programme will be relevant if you wish to apply, or have applied, for any other subsidy. The value of the subsidy under the Creative Informatics Programme – Connected Innovator is (or estimated to be by calculating the gross grant equivalent) £10,000, (Ten thousand pounds sterling).

You will need to declare this amount to any other awarding body who requests information from you on how much subsidy you have received.

Please advise The University of Edinburgh now of any other subsidy which your enterprise and any enterprises linked to it may have received during your current and previous two fiscal years, to allow the University to check that its support, added to that previously received by you, will not exceed the threshold of £325,000 “Special Drawing Rights” over the last 3 fiscal years. A subsidy includes not only grants but also assistance such as free or subsidised consultancy services, marketing advice, etc. If you are in any doubt about whether previous assistance received is classified as a subsidy, please include it.

[2] Equivalent amount in GBP can be calculated by reference to the International Monetary Fund’s currency converter available online here: [https://www.imf.org/external/np/fin/data/rms_five.aspx](https://www.imf.org/external/np/fin/data/rms_five.aspx)

Page 9: Equality and Diversity Information

What data are we collecting?

The Equalities Monitoring Information will be used by Creative Informatics, a collaboration across the University of Edinburgh, Edinburgh Napier University, Codebase and Creative Edinburgh. Your data will be held and used by the Creative Informatics delivery team based at the University of Edinburgh with some data shared with our funders the Arts and Humanities Research Council, evaluation partners, and the Policy and Evidence Centre based at Nesta.

How will the data be used?

As part of the Creative Informatics programme we are monitoring the diversity of the applications we receive to ensure we are reaching and serving appropriate diverse audiences. This information also enables us to provide anonymised demographic reporting to funders, partners and stakeholders to ensure the programme is open and accountable in our commitment to diversity and equality.

The information we collect will not relate to our assessment of your application for the programme, but is captured separately and for monitoring only. We include questions on age, gender, ethnicity, disability, and sexual orientation - all defined ‘protected characteristics’ in The Equality Act 2010. As this information is sensitive and personal these questions are optional, but (where provided) this data does contribute to our ongoing review and improvement of our programme. We will always ensure that equality and diversity monitoring data is reported anonymously and with respect for your privacy.

Consent

In providing your completed response to these equality and diversity questions, you are giving explicit consent for us to use this data in our programme monitoring and reporting processes. The data is managed confidentially and will not have any bearing on your application to the Programme. Your data will only be reported in anonymous aggregated forms and will always be processed in accordance with the Data Protection Act 2018 and therefore also in accordance with the General Data Protection Regulation (GDPR).

If you prefer not to provide this information, please indicate this in the ‘Prefer not to answer’ box for the appropriate question(s).

Applicants can withdraw or modify their consent to collection and processing of personal information at any time by writing to creativeinformatics@ed.ac.uk.
