Creative Bridge Application - Cohort#9

Page 1: Creative Bridge Application

This application form is to apply to Creative Bridge Cohort #9 which will run every Wednesday from Wednesday 28th September to Wednesday 30th November 2022, from 1pm to 4pm.

This cohort of Creative Bridge will be delivered in a hybrid format, and participants may opt to join sessions either online or in person. Both experiences will be interactive and flexible to participants’ needs - if you’d like to know more, please get in touch at kath@thisiscodebase.com.

Online sessions take place via Zoom video conferencing so you will need a laptop or phone and an internet connection to participate. If this is an issue for you but you’re still keen to apply, please get in touch.

We understand you may have other things booked in - we’re looking for people who can attend at least 8 of the 10 sessions, ideally including the first and last. This is the final round of Creative Bridge as the Creative Informatics funding reaches its close. If you are unable to take part this time but are interested in what the course offers, get in touch with CodeBase.

Creative Bridge is part of the Creative Informatics Programme, which aims to bring the city’s world-class creative industries and tech sector together, utilising innovative data-driven technologies to develop ground-breaking new products, businesses and experiences. The Creative Informatics Programme is being delivered by the University of Edinburgh working in partnership with Edinburgh Napier University, CodeBase and Creative Edinburgh.

Applications will close on Monday 22nd August 2022 at 5pm.

We strongly recommend you read our selection criteria and FAQs before applying, and read more about the course at thisiscodebase.com/creative-bridge if you haven’t already. You can also download a PDF version of the application form from the Creative Informatics website, if you would like to download and review the questions before completing the form.

If you have any questions about this form, the application process, or anything to do with Creative Bridge we will be very happy to help.

Creative Bridge Application

About you

First, we'd like to get to know you a bit. Below you will find more information about how we'll handle your data - please do read it. We will take care of your data and it is important that we understand your application for the selection process. Understanding you and your application is also important for our reporting back to funders who enable us to offer funded (free) places on Creative Bridge.

Please note that in order to be eligible for the programme, you should be based in and/or the work or projects you are undertaking must have an impact on the Creative Industries within Edinburgh or South East Scotland Region. If you are unsure, please contact us.

If you have any questions about this form, the application process, or anything to do with Creative Bridge we will be very happy to help. Email: creativeinformatics@ed.ac.uk

Data Protection

In providing your completed application you are giving explicit consent for us to use this data in our programme application, monitoring, reporting and research processes. The data is managed confidentially. Your data will be held by the Creative Informatics delivery team based at the University of Edinburgh and partner organisation Codebase, with some data shared with our funders the Arts and Humanities Research Council, evaluation partners, and the Policy and Evidence Centre based at Nesta. Your data will only be reported in anonymous aggregated forms and will always be processed in accordance with the Data Protection Act 2018 and therefore also in accordance with the General Data Protection Regulation (GDPR).

As part of the Creative Informatics programme we are monitoring the diversity of the applications we receive to ensure we are reaching and serving appropriate diverse audiences As this information is sensitive and personal these questions are optional, but (where provided) this data does contribute to our ongoing review and improvement of our programme. We will always ensure that equality and diversity monitoring data is reported anonymously and with respect for your privacy. If you prefer not to provide this information, please indicate this in the ‘Prefer not to answer’ box for the appropriate question(s).

Applicants can withdraw or modify their consent to collection and processing of personal information at any time by writing to creativeinformatics@ed.ac.uk.

Page 7: Subsidy Declaration - Please read this section carefully

In order to minimise distortion of competition the European Union and the United Kingdom have agreed certain limits on how much assistance can be given to organisations operating in a competitive market. This Annex sets out what is needed to ensure compliance with those limits. You should note carefully the requirements and the obligations.

Under Article 364 of the UK/EU and EAEC: Trade and Cooperation Agreement [TS No.8/2021] (the “TCA”) as published in the Official Journal of the European Union 30 April 2021[1], certain of the support provided in relation to the Creative Informatics Programme – Creative Bridge are exempt from controls on subsidies.

There is a ceiling of £325,000 “Special Drawing Rights” [2] for subsidies provided to any one organisation over a three fiscal year period (i.e. your current fiscal year and previous two fiscal years). Any subsidy provided to you under the Creative Informatics Programme will be relevant if you wish to apply, or have applied, for any other subsidy. The value of the subsidy under the Creative Informatics Programme – Creative Bridge is (or estimated to be by calculating the gross grant equivalent) £5,000, (Five thousand pounds sterling).

You will need to declare this amount to any other awarding body who requests information from you on how much subsidy you have received.

Please advise The University of Edinburgh now of any other subsidy which your enterprise and any enterprises linked to it may have received during your current and previous two fiscal years, to allow the University to check that its support, added to that previously received by you, will not exceed the threshold of £325,000 “Special Drawing Rights” over the last 3 fiscal years. A subsidy includes not only grants but also assistance such as free or subsidised consultancy services, marketing advice, etc. If you are in any doubt about whether previous assistance received is classified as a subsidy, please include it.

[2] Equivalent amount in GBP can be calculated by reference to the International Monetary Fund’s currency converter available online here: https://www.imf.org/external/np/fin/data/rms_five.aspx

Statement of subsidy received. We confirm that we have received the following subsidies during the previous 3 fiscal years (i.e. current fiscal year and the previous two fiscal years): If you have not been in receipt of any subsidies, please indicate “not applicable” (in the first line only).

Page 8: Equality and Diversity Information

What data are we collecting?

The Equalities Monitoring Information will be used by Creative Informatics, a collaboration across the University of Edinburgh, Edinburgh Napier University, Codebase and Creative Edinburgh. Your data will be held and used by the Creative Informatics delivery team based at the University of Edinburgh with some data shared with our funders the Arts and Humanities Research Council, evaluation partners, and the Policy and Evidence Centre based at Nesta.

How will the data be used?

As part of the Creative Informatics programme we are monitoring the diversity of the applications we receive to ensure we are reaching and serving appropriate diverse audiences. This information also enables us to provide anonymised demographic reporting to funders, partners and stakeholders to ensure the programme is open and accountable in our commitment to diversity and equality.

The information we collect will not relate to our assessment of your application for the programme, but is captured separately and for monitoring only. We include questions on age, gender, ethnicity, disability, and sexual orientation - all defined ‘protected characteristics’ in The Equality Act 2010. As this information is sensitive and personal these questions are optional, but (where provided) this data does contribute to our ongoing review and improvement of our programme. We will always ensure that equality and diversity monitoring data is reported anonymously and with respect for your privacy.

Consent

In providing your completed response to these equality and diversity questions, you are giving explicit consent for us to use this data in our programme monitoring and reporting processes. The data is managed confidentially and will not have any bearing on your application to the Programme. Your data will only be reported in anonymous aggregated forms and will always be processed in accordance with the Data Protection Act 2018 and therefore also in accordance with the General Data Protection Regulation (GDPR).

If you prefer not to provide this information, please indicate this in the ‘Prefer not to answer’ box for the appropriate question(s).

Applicants can withdraw or modify their consent to collection and processing of personal information at any time by writing to creativeinformatics@ed.ac.uk.
